

## **This Little Light**

### *Verse*

It all began with a spark  
The spark caught fire in my heart  
And I could see You lighting up the dark  
And now it's burning brighter than ever  
It's down deep in my soul  
The fire burning out of control  
It's love and I gotta let it show  
It's changing my world for the better

### *Pre-Chorus*

So raise one hand high  
Throw your light in the sky  
We're gonna keep it shining forever  
It's brightest when we're shining together

### *Chorus*

This little light of mine  
I'm gonna let it shine  
And in the darkest night  
I'll be the brightest light  
No covering it up  
No shutting it down  
No blowing it up  
I'm gonna let it shine all around  
This little light of mine  
I'm gonna let it shine

### *Verse*

We're shining brighter than the sun  
We're lighting up the world for everyone  
And no we're never quitting never done  
We're only getting brighter and brighter

### *Pre-Chorus*

So raise one hand high  
Throw your light in the sky  
We're gonna keep it shining forever  
It's brightest when we're shining together

### *Chorus*

*Bridge*

This little light of mine  
Maybe it used to be little  
Now it's a wild fire  
Growing bigger and bigger and bigger  
Can't shut it down  
Can't blow it out  
Can't hide it now  
It's shining around the world and getting hotter now  
So throw your light up  
Come and raise it higher  
We're gonna start a fire  
It's only getting brighter  
So burn bright in the night  
For the world to see  
This little light is bringing change  
And it starts with me

*Pre-Chorus*

So raise one hand high  
Throw your light in the sky  
We're gonna keep it shining forever  
It's brightest when we're shining together

*Chorus*
